

Time after time mankind is driven
against the rocks of the horrid reality
of a fallen creation & time after time,
man must learn the hard lesson of history.
The lessons that for some dangerous
reasons we can't seem to keep in our
collective memory.

5 Reasons I Don't Like the Meso-Americans

1. They sacrificed human beings
2. (In the case of the Aztecs) They fertilized their gardens with poop
3. (In the case of the Incans) They only had one person to give out the rules. No one else could say anything
4. They killed little children
5. They held human life very cheaply

Verses Upon the Burning of Our House

My pleasant things in ashes lie,
And them behold no more shall I...
... Then straight I 'gin my heart to chide:
And did thy wealth on earth abide?
Didst fix thy hope on mouldering dust?
The arm of flesh didst make thy trust?
Raise up thy thoughts above the sky
That dunghill mists away may fly.
Thou hast a house on high erect;
Framed by that mighty Architect,
With glory richly furnished
Stands permanent though this be fled.
It's purchased, and paid for you, too,
By him who hath enough to do -
A price so vast as is unknown,
Yet, by His gift, is made thine own.
There's wealth enough; I need no more.
Farewell, my self; farewell, my store;
The world no longer let me love.
My hope and treasure lie above.

AMERICAN ARMY WINS MAJOR BATTLE!

Our army has been steadily retreating from the British forces. Our army's commander in chief, George Washington, was at the breaking point. He knew that if he did not win a victory, our cause would be lost forever. On Christmas Eve, he dreamed up a daring plan. He would cross the icy Delaware river under cover of darkness and surprise the Hessians after their long night of partying. Washington gathered all of his men and put them into groups. Two of his best officers led two groups, and George Washington himself was in command of the other. Washington cried, "Victory or Death!" and climbed into the boat. When everything was ready, the two commanding officers thought that Washington would never dare to cross the icy depths of the Delaware. "Our guns will be ruined!" Cried one officer. "We will never make it!" cried the other. So they both decided not to go along with the plan. But would Washington back down? Never. So He took his men to the other side of the Delaware on that cold Christmas Morning. When the men got to the other side, they

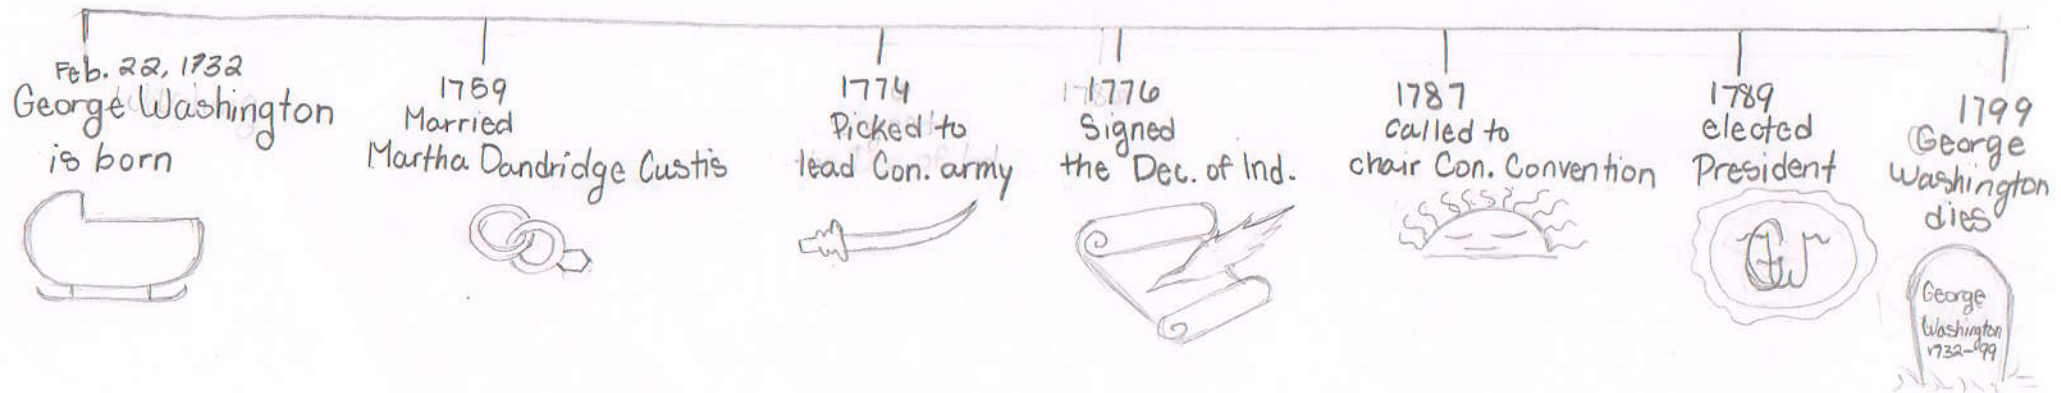

found their guns did not work because of the cold and wet. Did that stop them? Never. They used their bayonets and charged at the sleeping Hessians. The battle only lasted roughly 45 minutes, with a smashing victory for the Americans. Who knows what other victories the Americans might win for the cause of Justice?
